Hi Anastasia & Jeff –

I just wanted to give you a heads up that Tim Deegan of CityWatch attended the Wed night board meeting and is going to be publishing a story today on the MOU. The quote our office gave last week said that the Councilmember isn't in favor of terminating at this time, but would be open to strengthening or clarifying language, as well as take a look the Dept of Rec & Parks sponsorship/donor recognition policy. I wanted to let you know in advance. In particular, I'd like to emphasize the "at this time" part of the quote: there is still a lot more work to do to move forward, and right now our office has been focusing on the closure and reopening of the Park.

To that end, we will have both DOT traffic officers as well as additional parking enforcement officers, at both the top and bottom of the Park, and Rec and Parks will have security officer managing flow in the parking lot for opening week and weekend, potentially longer depending on the need (like the first few weekends). Still working on the signage, ride sharing drop points, and looking into the food truck issue that the apt. building is planning on having.

Thanks for your continued thoughtful dialogue on this process. Fyi, I am out of town this week, but I will keep you posted from vacation.

Thank you,
Catherine

Hi Catherine,

Thanks for the heads up on the article and the Councilmember's quote. If you see this before going out of town, is their a point person for press or media inquiry in the CD4 office if HHWNC receives any questions?

Thanks for the additional information to have if anyone asks what we know about the Park's reopening.

Have a great trip out of town. I should let both of you know that I will be partially working out of town next week Mon-Friday when the Park re-opens, but reachable (if needed) by text or phone.

Safe travels!

Jeff

Thank you Catherine,

I am hoping we can go forward with the meeting of the key people on this topic. I've attempted to make it clear to everyone that the MOU does not give single authority to any one group as per my conversations with Vicky and Sarah.

There has been a suggestion for an "Advisory Board" similar to Griffith Park. That's something we should discuss.

Thank you!

Anastasia

Hi Anastasia,

I like the "advisory board" idea a lot - not part of an existing 501(c)3. Can HHWNC be involved in setting this up, with stakeholders, with full transparency? I look forward to being involved in helping bringing this to fruition.

Best,

Jeff

Yes of course we can. :)

We will find compromise as long as all
Parties keep their focus on the goal: protecting the park.

I'd like to set up a collective meeting with a rep of FORC, Bob Mansell for CPR, RAP (perhaps Vicki) and perhaps Sarah from CD4.

Thoughts?
